Re: 21,900' Tuscaloosa Zone, Reservoir A
Judge Digby Field
Pointe Coupee Parish, Louisiana

Dear Commissioner Asprodites:

Application is hereby made on behalf of **AMOCO PRODUCTION COMPANY** for the calling of a public hearing, after legal notice, to consider evidence relative to the issuance of an order pertaining to the following matters:

1. To establish rules and regulations and to create drilling and production units for the exploration for and production of gas and condensate from the 21,900' Tuscaloosa Zone, Reservoir A, in the Judge Digby Field, Pointe Coupee Parish, Louisiana, such units to be designated 21900 TUSC RA SUA and 21900 TUSC RA SUB, all as shown on the plat attached hereto and made a part hereof.
2. To force pool and integrate all separately owned tracts, mineral leases and other property interests within each of the proposed units with each tract sharing in unit production on a surface acreage basis of participation.
3. To designate Amoco Production Company as operator of the proposed 21900 TUSC RA SUA.
4. To designate the Amoco Production Company – W. C. Parlange, Jr. No. 12 Well as unit well for the proposed 21900 TUSC RA SUA.

5. To provide that any future wells drilled to the 21,900' Tuscaloosa Zone, Reservoir A, in the Judge Digby Field, should be located in accordance with the spacing provisions of Statewide Order No. 29-E.

6. To provide that the Commissioner of Conservation should be authorized to reclassify the reservoir by supplemental order without the necessity of a public hearing should the producing characteristics of such reservoir change and evidence to justify such reclassification is submitted to and accepted by the Commissioner of Conservation.

7. To consider such others matters as may be pertinent.

The 21,900' Tuscaloosa Zone, Reservoir A, in the Judge Digby Field, is hereby defined as being that gas and condensate bearing sand encountered between the depths of 21,850 feet and 23,112 feet (electrical log measurements) in the Amoco Production Company – W. C. Parlange, Jr. No. 12 Well, the top of said zone being equivalent to the subsurface depth of 21,662 feet (electrical log measurement) in the Amoco Production Company – W. C. Parlange, Jr. No. 5 Well, both wells being located in Section 48, Township 5 South, Range 9 East, Pointe Coupee Parish, Louisiana.

Pertinent data, including well logs, may be obtained **AT THE COST OF THE REQUESTING PARTY** from W. H. Robbins & Associates, 140 Rue Beauregard, Suite 100, Lafayette, Louisiana 70508, Telephone No. 337/232-5004.

Pursuant to the Revised Rules of Procedure, a pre-application conference was held on Thursday, September 6, 2001, in the offices of Liskow & Lewis, 822 Harding Street, Lafayette, Louisiana, at which the parties named on the attached list were in attendance. The conference was opened by representatives of the applicant who explained the bases for the applicant's proposal. Questions were asked and answered. One suggestion was made to revise the top of the proposed definition of the 21,900' Tuscaloosa Zone, Reservoir A, to be coincident with the base of the existing 21,300' Tuscaloosa Zone, Reservoir A, as defined in Office of Conservation Order No. 1046-C, effective March 19, 1997. The applicant has accepted this suggestion which causes the top of the proposed unitized interval to be raised approximately 100 feet. No counterplans were presented. All parties reserved their rights, and the conference was then adjourned.

Attached hereto and made a part hereof is a plat outlining the applicant's proposal, the conference attendance list and a list of the names and addresses of the Interested Owners, Represented Parties, and Interested Parties to whom a copy of this application is being mailed. Pursuant to the Revised Rules of Procedure, such plat (being the same plat attached to the pre-application notice dated August 17, 2001) and list of parties are being furnished only to the Commissioner of Conservation and to the District Manager of the Lafayette District of the Office of Conservation; however, the plat and/or list of parties will be furnished to any party requesting copies. A reasonable effort was made to ascertain the names and addresses of all Interested Owners, Represented Parties and Interested Parties.

Finally, enclosed is our check on behalf of the applicant, in the amount of \$700.00, made payable to the Office of Conservation representing the required hearing application fee.

Very truly yours,

Richard W. Revels, Jr.
